HOUSE & SENATE BILL VOTES & DESCRIPTIONS 10

INTRODUCTION

This Legislative Report includes:

Tables showing key 2015 votes: Grids showing whether legislators supported or opposed working families with their votes. The numbered columns in the tables correspond to the numbered votes for the appropriate legislative body. Vote description page references are also included on the grids to more easily find the corresponding vote description. (pgs. 5-9)

Descriptions of key votes: Numbered explanations of votes taken in the Senate and the House that include the action voted on (motion, amendment, passage, etc.), together with the Minnesota AFL-CIO's position, the vote outcome and vote totals. (pgs. 10-16)

Definition of right and wrong votes: A legislator's vote is recorded as "Right" (R), supporting the Minnesota AFL-CIO position, or "Wrong" (W), opposing the Minnesota AFL-CIO position. If the legislator was absent or did not vote, "Not Voting" (NV) is recorded.

Lifetime Voting Records: The Minnesota AFL-CIO Lifetime Voting Records of current members of the House and Senate are included on the House and Senate grids in the far right column. Only actual "R" or "W" are counted in calculating the percentage.

Notes on how votes are selected: Votes have been selected for their accuracy as a gauge of legislators' views. For this reason, unanimous or wide-margin votes are avoided, unless there are no other significant votes available on an important issue. These votes frequently reveal a legislator's true position on an issue more clearly than lopsided votes on a bill's passage.

Sources: Information sources used to compile this record include the journals of the Minnesota House and Senate, the text of bills, the publications *Session Weekly* and *Session Briefly*, and affiliate websites. The Minnesota AFL-CIO is solely responsible for compiling and publishing this voting record. Questions or comments may be directed to the Minnesota AFL-CIO Legislative Director, Jennifer Schaubach, at 651-227-7647 or 1-800-652-9004.

MINNESOTA AFL-CIO 2015 LEGISLATIVE PRIORITIES

2015 Legislative Agenda for Shared Prosperity & Workplace Dignity REBUILDING THE MIDDLE CLASS

End Wage Theft

A shocking number of workers are denied the wages they are owed for the work they perform. Unscrupulous employers often pay less than what was agreed, force workers to perform duties off the clock, cheat state and local governments out of legally required taxes and insurance contributions, and sometimes, withhold pay all together. Taking effective steps to combat wage theft is simply the right thing to do. It will also put millions of dollars back into our economy, improve the fiscal health of our local communities, and put proper wages into the pockets of the working families who earned them. The legislature can fight wage theft by passing legislation that:

- Establishes formal procedures to enable victims of wage theft to recover unpaid wages and damages;
- increases the penalties for those responsible for committing wage theft;
- provides greater protection for workers who stand up for their rights – protecting them from employer retaliation;
- and makes it easier for wage theft victims to get legal representation.

Require Paid Family Leave & Earned Sick Days

We all get sick. But not all of us can stay home when we are contagious. In cities and states without earned sick days standards, two of every five workers don't earn a single day of earned sick leave. Many of them work on the front lines of public health and food safety in restaurants, retail, and even healthcare.

For workers, a good job has many defining characteristics: a fair wage or salary, health care benefits, a safe work environment, and the ability to take time off work when needed without losing pay.

We strongly support the passage of two types of leave this session:

1. Earned sick and safe leave, usable by employees with little or no advance notice, to recuperate from illness, seek medical care, care for family members, or deal with the consequences of domestic violence;
2. and longer-term leave such as paid family leave.

Three out of four Americans, including strong majorities of Democrats and Republicans alike, say employers should be required to offer earned sick leave. That's why a growing number of localities, including the MSP airport, Seattle, Portland, San Francisco and New York City, are taking action to protect public health and approve minimum earned sick days standards so no one has to choose between their job and their family's health.

Statewide earned safe and sick leave and paid family leave standards are needed to provide economic stability to Minnesota families, to promote good public health practices, and to ensure all employers compete on a level playing field.

Promote Fair Scheduling

The retail, service and healthcare sectors are now the fastest growing industries in our state. The increase in the minimum wage is a great boost for retail, service and healthcare workers, but it's just one step in developing secure, family-wage jobs. Full-time positions with stable schedules are also vitally important. Minnesota workers need scheduling standards that support families and help make their lives predictable. Key reforms should include:

- Requiring employers to provide adequate notice of schedule changes, maintaining consistent and agreed-upon hours each week, offering full-time job opportunities;
- access to paid leave

Invest in Quality Learning Environments, Engaging Students, & Improving Educational Outcomes

The future of Minnesota's economy depends on legislators making smart investments in today's students and their educators. Our priorities for the 2015 session include, but are not limited to:

- Signaling an ongoing commitment to educational excellence by providing, at a minimum, an inflationary increase to the basic per-pupil funding formula;
- providing additional funding to guarantee lower class sizes through third grade, as determined by best practices, so all students are ready for the transition from learning to read, to reading to learn;
- providing additional resources for school districts to restore student support staff, including counselors, social workers, psychologists, nurses and other job classifications;
- investing in infrastructure so that all students – no matter where they live – are in quality, safe, learning environments;
- creating an equitable & sustainable funding stream for the 2011 Teacher Development and Evaluation law, the state's blueprint for building E-12 educator skills;
- investing in professional development that allows educators to take ownership in enhancing and building their instructional knowledge and skills;
- supporting proposals to reduce the burden of standardized testing;
- and ensuring all students have access to a robust curriculum.

Protect Progressive Revenue Sources

Legislators should act cautiously in the 2015 legislative session and keep revenues strong to continue improving Minnesota's economy. We will be working to make sure progressivity and adequacy of revenues remain a goal in tax decisions. Cutting taxes now risks our ability to continue to fund our priorities, is an ineffective way to grow the state's economy, and will make the next economic downturn even harder to recover from.

Pass Comprehensive, Long-Term Multi-Modal Transportation Funding

Minnesota cannot grow and attract good jobs when our infrastructure is wearing out and transit options are woefully inadequate. Too many of our roads and bridges have exceeded their lifespans and are in desperate need of repair.

Workers need safer roads and better public transportation to get to jobs. Our seniors and people with disabilities need options to live independently.

In Greater Minnesota, reliable, convenient transit service is unavailable or sparse. Developing a comprehensive transit system that links suburbs and neighborhoods will take nearly a half century at the current rate of funding. Safe, convenient bicycling and walking opportunities are missing in many communities, putting Minnesotans at risk.

Without immediate action on transportation, Minnesota can't attract top talent, our businesses and families will experience higher costs, and we will fall further behind. Each year we delay addressing Minnesota's urgent transportation needs, the cost to taxpayers increases.

Fund Child Care Assistance Programs (CCAP)

Only three percent of eligible infants and young children (0-3) are enrolled in Early Head Start and less than half of children eligible for Head Start are enrolled. Quality child care and preschool programs are crucial to level the playing field and ensure every child entering school is ready to learn.

We must make early childhood development programs accessible to every child by ensuring such programs are affordable, available and of high quality. The legislature should:

- Provide parents with information and resources related to early childhood development;
- repeal the newborn family cap that freezes cash assistance when an additional child is born;
- adjust the amount of monthly cash assistance families receive;
- permit children in child-only cases to be eligible for child care assistance;
- and allow parents to help their children participate in early learning activities.

Ensure Retirement Security

The three-legged stool of retirement – Social Security, pensions, and personal savings – that once provided retirement security to American workers is broken. The majority of working people have no pension and little to no savings, causing many retirees to rely almost entirely on Social Security, which by itself isn't enough to keep them out of poverty.

Here are some facts you may not know:

- More than 70 million American workers do not have any type of employer-sponsored retirement plan;
- people of color, young people, & low-income earners have the lowest access rates to employer-sponsored retirement plans;
- 17% of private and public sector workers have access to traditional defined benefit pensions, which provide retirees with a reliable, modest income;
- Social Security benefits are less than \$1,200 per month for millions of retired low wage workers with no other source of income;
- and the richest 1% are not paying their fair share. If everyone contributed the same percentage of their income to fund Social Security, there would be enough funds to sustain and strengthen Social Security far into the future.

We are committed to working together to deliver retirement security to all workers as part of our broader agenda to fight for social and economic justice.

Strengthen Long-Term Care Funding

Over the next 25 years, the number of Minnesotans over age 65 will double from nearly 700,000 to 1.4 million in 2030. This unprecedented age wave will impact Minnesota's long-term care landscape in ways the state has never experienced. As more people age, rates of chronic illness and disability, including rates of Alzheimer's disease, will rise.

While Minnesota has already taken a number of steps to manage and prepare for these changing demographics, pressures on the state's budget will persist. We must continue to find ways to reform our system and to prepare communities and the state as a whole in order to meet the challenges and opportunities associated with an aging population.

In addition to this Shared Prosperity and Job Creation agenda, the Minnesota AFL-CIO will support a range of issues that address income inequality, economic opportunity, and tax fairness, as well as legislation championed by our affiliated unions.

The Minnesota AFL-CIO is the state labor federation made up of more than 1,000 affiliate unions, representing more than 300,000 working people throughout Minnesota.

Senate vote # 13

SS - HF 1 (*Rep. Jenifer Loon, R-Eden Prairie/Sen. Chuck Wiger, D-Maplewood*) – Special Session Omnibus Education Finance bill. Family and early childhood appropriations increased by \$100.5 million, under the bill. The largest base increase would be \$48.25 million in early learning scholarships - a \$17 million increase over what was included in the regular session education finance bill vetoed previously by the governor. It also increased school readiness funding by \$30.75 million and a \$10 million increase to Head Start (which received zero increase in funding in the vetoed bill). It also included an additional \$12.5 million investment to help serve over 19,000 American Indian students and \$5 million more for Bureau of Indian Education schools across the state, and provided \$4 million in new funding for the Northside Achievement Zone and St. Paul Promise Neighborhood.

Minnesota AFL-CIO Position: SUPPORT

Correct vote: Yea

Senate vote: 53 Yea – 12 Nay (*Senate journal pg. 19; 6/12/15*)

House vote # 1

HF 2 (*Rep. Jenifer Loon, R-Eden Prairie/Sen. Eric Pratt, R-Prior Lake*) – Final passage of the alternative teacher licensure bill, which would end seniority as the primary factor in determining teacher layoffs, creating a subjective process, including peer reviews, to be used despite bargaining agreements already in place between the teachers and the districts. This attack on labor showed a blatant disrespect for the bargaining process where both employees and management have already reached agreement and signed collective bargaining agreements.

Minnesota AFL-CIO Position: OPPOSE

Correct vote: Nay

House vote: 70 Yea – 63 Nay (*House journal pgs. 698-699; 3/5/15*)

House vote # 2

HF 1555 (*Rep. Dave Baker, R-Willmar/Sen. Matt Schmit, D-Red Wing*) – Rep. Joyce Peppin (R-Rogers) made a motion to table the Working Parents Act Minority Report that was offered by Rep. Raymond Dehn (D-Minneapolis).

Minnesota AFL-CIO Position: OPPOSE

Correct vote: Nay

House vote: 69 Yea – 61 Nay (*House journal pgs. 1229-30; 3/23/15*)

House vote # 3

HF 1027 (*Rep. Pat Garofalo, R-Farmington/Sen. Gary Dahms, R-Redwood Falls*) – Final passage of the tip penalty bill. Under this proposal waiters and other tipped workers would be penalized and earn a wage lower than the state minimum. The proposed lower-tier wage in this bill was a *dollar* less than the new \$9 an hour minimum that was set to go into effect Aug. 1, 2015, as part of minimum wage *increase* finally enacted in 2014 that gradually increased the minimum wage and indexed it to inflation. The bill repealed a part of current statute that prohibits the counting of employee tips toward the minimum wage, essentially subsidizing wages for the restaurant and hospitality industry and reducing wages for servers and other tipped workers.

Minnesota AFL-CIO Position: OPPOSE

Correct vote: Nay

House vote: 78 Yea – 55 Nay (*House journal pg. 1355; 3/23/15*)

House vote # 4

HF 4 (*Rep. Tim Kelly, R-Red Wing/Sen. Scott Dibble, D-Minneapolis*) – Rep. Frank Hornstein (D-Minneapolis) offered this amendment to the Omnibus Transportation finance bill to assess the railroads for safety improvements across the state.

Minnesota AFL-CIO Position: SUPPORT

Correct vote: Yea

House vote: 59 Yea – 73 Nay (*House journal pg. 2377; 4/21/15*)

House vote # 5

HF 843 (*Rep. Pat Garofalo, R-/Sen. Jim Metzen, D-So. St. Paul*) – Amendment offered to the Omnibus Jobs bill by Rep. Melissa Hortman (D-Brooklyn Park) that increased funding to the Department of Commerce for telecom regulation and deleted the language deregulating VoIP (Voice over Internet Protocol).

Minnesota AFL-CIO Position: SUPPORT

Correct vote: Yea

House vote: 70 Yea – 58 Nay (*House journal pgs. 2778-79; 4/22/15*)

House vote # 6

Correct vote: Yea

House vote: 58 Yea – 71 Nay (*House journal pgs. 2785-86; 4/22/15*)

House vote # 8

House vote # 9

HF 843 (*Rep. Pat Garofalo, R-Farmington/Sen. Jim Metzen, D-So. St. Paul*) – Final passage of the Omnibus Jobs bill. It is very difficult to refer to this bill as a “jobs” bill. It included several damaging provisions, including:

- A reduction in the Workforce Development Fee from .1 to .08 which would reduce collections. There would be increased funding of activities **not** related to dislocated workers. The projected net impact on local areas was a 50% reduction in state dislocated worker funds to serve clients;
- Tip penalty (*see House vote #3, pg. 12*);
- Reduced agency funding for:
 - o Department of Employment and Economic Development: \$16.63 million
 - o Minnesota Housing Finance Agency: \$10.55 million
 - o Public Utilities Commission: \$1.45 million
 - o Bureau of Mediation Services: \$900,000
- Additional unemployment insurance tax reduction for business to the tune of \$2 million that would threatened the solvency of the trust fund;
- Telecom/VoIP deregulation;
- Cuts to the Minnesota Job Creation and Investment Fund;
- Local interference - a provision that would have prohibited local governments from implementing any laws such as a higher minimum wage, paid family leave, earned sick and safe time, fair scheduling, or stronger wage theft protections.
- Drastic changes to Minnesota’s RES (renewable energy standards)

Minnesota AFL-CIO Position: OPPOSE

Correct vote: Nay

House vote: 73 Yea – 56 Nay (*House journal pg. 2789; 4/22/15*)

House vote # 10

HF 844 (*Rep. Jennifer Loon, R-Eden Prairie/Sen. Chuck Wiger, D-St. Paul*) – The House DFL education funding plan would have increase E-12 spending by \$799 million over base and included a 2% per year formula increase, special education funding, long-term maintenance aid, teacher development revenue and a phase in of 4 year old prekindergarten among other initiatives. The proposal was brought up in the form of a minority report on the House floor by Rep. Mary Murphy (D-Hermantown), but was immediately tabled by the majority with this motion by Rep. Joyce Peppin (R-Rogers).

Minnesota AFL-CIO Position: OPPOSE

Correct vote: Nay

House vote: 69 Yea – 59 Nay (*House journal pg. 2857; 4/23/15*)

House vote # 11

SF 888 (*Sen. Tom Saxhaug, D-Grand Rapids/Rep. Sarah Anderson, S-Plymouth*) – This amendment offered by Rep. Ryan Winkler (D-Golden Valley) would have required the legislative auditor to investigate and evaluate the use of money to influence voters and political campaigns that are not required to be publicly disclosed.

Minnesota AFL-CIO Position: SUPPORT

Correct vote: Yea

House vote: 57 Yea – 72 Nay (*House journal pg. 3283; 4/24/15*)

House vote # 12

SF 888 (*Sen. Tom Saxhaug, D-Grand Rapids/Rep. Sarah Anderson, S-Plymouth*) – This amendment offered by Rep. Pat Garofalo (R-Farmington) to Rep. Ryan Winkler’s (D-Golden Valley) amendment would have required the legislative auditor to also investigate and report the percentage of union dues and fair share fees deducted.

Minnesota AFL-CIO Position: OPPOSE

Correct vote: Nay

House vote: 74 Yea – 55 Nay (*House journal pgs. 3282-84; 4/24/15*)

House vote # 13

SF 888 (*Sen. Tom Saxhaug, D-Grand Rapids/Rep. Sarah Anderson, S-Plymouth*) – This amendment offered by Rep. Ryan Winkler (D-Golden Valley) would have required all political funds and committees to report large contributions received for the purpose of advocating or defeating a political candidate.

Minnesota AFL-CIO Position: SUPPORT

Correct vote: Yea

House vote: 51 Yea – 78 Nay (*House journal pgs. 3287-88; 4/24/15*)

House vote # 14

HF 844 (*Rep. Jenifer Loon, R-Eden Prairie/Sen. Chuck Wiger, D-Maplewood*) – Final passage of Omnibus K-12 Education finance and policy bill. (pre-conference committee) The bill's total investment of only \$400 million fell drastically short of equitable and sustainable funding for education. In 2013, with a projected budget deficit of over \$600 million, the spending increase above the base was \$606 million. With a \$1.9 billion surplus, and more than \$1 billion left on the bottom line for future tax cuts, there should have been a much greater investment in education. The bill was ultimately vetoed by the Governor.

Minnesota AFL-CIO Position: OPPOSE

Correct vote: Nay

House vote: 69 Yea – 61 Nay (*House journal pg. 3339; 4/25/15*)

House vote # 15

SF 1458 (*Rep. Matt Dean, R-Dellwood/Sen. Kathy Sheran, D-Mankato*) – Passage of Omnibus Health and Human Services appropriations bill. (pre-conference committee) Cuts to MinnesotaCare in the Health and Human Services budget will make it harder for some Minnesotans to afford health care. The \$65 million in reduced funding will raise premiums and triple out-of-pocket costs for working Minnesotans.

It also failed to include a proposal that would have better supported Minnesota's most struggling families in the Minnesota Family Investment Program (MFIP). The bill also reduced Basic Sliding Fee's resources by \$3 million in FY 2016. These are unspent funds from FY 2015 - but, these funds are held up due to procedural issues, not due to a lack of demand. The Department of Human Services testified that this \$3 million would otherwise go towards serving more families.

The final Health and Human Services budget contained some noteworthy investments in Minnesota's children, seniors and people with disabilities or mental illnesses. But real damage will be done by the cuts to MinnesotaCare, and the state's eligibility audit could install a new barrier to affordable health care.

Minnesota AFL-CIO Position: OPPOSE

Correct vote: Nay

House vote: 72 Yea – 60 Nay (*House journal pg. 3809; 4/28/15*)

House vote # 16

HF 848 (*Rep. Greg Davids, R-Preston/Sen. Rod Skoe, D-Clearbrook*) – This amendment, offered by Rep. Ann Lenczewski (D-Bloomington) to the Omnibus Tax bill, was the DFL minority report that actually focused on middle-class breaks instead of tax cuts for corporations and wealthy individuals and wouldn't have created budget uncertainties for future legislatures.

House vote # 17

HF 848 (*Rep. Greg Davids, R-Preston/Sen. Rod Skoe, D-Clearbrook*) – House passage of the Omnibus Tax bill. This bill included \$2.4 billion in tax cuts that were not as beneficial in the long run to middle-class Minnesotans or small businesses as they were touted to be by the House Majority.

Those who would benefit the most would be the highest-value business properties and wealthy individuals. Other proposals included in the bill would have resulted in a devastating blow to Minnesota's future budgets - causing financial instability and future deficits. The proposal to eliminate the statewide property tax, for instance, would cost around \$1 billion when fully phased in, and since about 54% of the state business property tax is ultimately paid by non-Minnesotans, much of this \$1 billion proposed tax cut would flow of the state.

Another very controversial provision in the bill would have limited local government aid payments to three of the four cities of the first class — Minneapolis, St. Paul and Duluth.

If enacted, the Republican plan would have result in widespread policy implications for years because it would have reduced state revenue over the long term, forcing future Legislatures to cut government or find new revenue, especially if and when a recession hits and tax receipts slip. The bill was ultimately laid on the table and no further action was taken on the bill this session.
